

Personal Statement Workshop

This workshop is for students who are preparing to enter university and need more guidance about how to demonstrate their strengths and talents in personal statements. It will cover idea development, logical organization, language patterns as well as common errors in writing personal statements.

Upon completing the workshop, students should be able to:

- Develop ideas and strategies for writing personal statements;
- Express their thoughts effectively with a particular focus on avoiding clichés and personalizing their writing; and
- Raise the accuracy and standard when preparing their personal statements.
