

## University Admission Interview Workshop

This workshop is for students who are preparing to enter university and want to better demonstrate their strengths and talents in university admission interviews. It will cover strategies for self-introduction and responding to questions, language skills and patterns to present ideas coherently, tone and choice of expressions as well as common questions or topics raised in interviews.

Upon completing the workshop, students should be able to:

- Develop ideas and strategies for preparing for university admission interviews;
- Express their thoughts effectively with a stronger personal impact; and
- Raise the language accuracy and confidence in self-presentation in university admission interviews.
