

所有香港中文大學專業進修學院開辦的學歷課程，由設計至開辦均須依照香港中文大學規定的嚴謹審批程序，包括向大學有關學術部門諮詢、經由教務會副學位、專業及持續教育課程委員會及教務籌劃委員會審核，並最終由教務會批准開辦。

中大專業進修學院在課程設計上，除依從大學質素管理架構外，亦本著以學員的學習需要及興趣為目標，在決定開辦新的短期或學歷課程前，會在課程設計、教學大綱、課程內容及評估，引入相關學科的學術及專業顧問的意見。此外，在師資方面，學院要求亦甚嚴謹，學院只聘用持有相關學歷及經驗的導師任教。

課程開辦後亦會作出評鑑及檢討，以了解學員的反應及導師和課程顧問的專業意見，務求使課程更臻完善及更能配合學員的實際學習需要。

所有學歷均由香港中文大學頒授。

All award-bearing programmes of the School of Continuing and Professional Studies (CUSCS), from programme design to launch, have to undergo stringent vetting and approval procedures adopted by The Chinese University of Hong Kong. The approval procedures include consultation with relevant academic faculties in the University, vetting and endorsement by the Senate Committee on Sub-degree, Professional and Continuing Education Programmes and the Senate Academic Planning Committee, and final approval by the Senate.

In addition to the quality governance structure regulated by the University, CUSCS takes considerable care to ensure that all general courses and award-bearing programmes are pedagogically designed to best suit the contemporary learning needs and interests of students. To this end, academic and professional advisors are consulted on curriculum design, syllabi and course materials development, and course assessment methods. CUSCS also puts in place a stringent recruitment process in appointing suitably qualified and experienced instructors.

Programmes on offer go through regular review and evaluation and take into account valuable opinions from students, instructors and programme advisors so as to maintain a high quality standard of our programmes.

All awards are conferred by The Chinese University of Hong Kong.
