ESG Series: Sustainable Banking and Finance

Understandably, critical “Environmental, Social, and Governance” (ESG) issues are reshaping the global economy. Right here in Hong Kong, ESG has become one of the most sought-after topics by both the financial sector and the corporate sector in general. Seeing the urgent need for professionals in the banking and finance industry to update or upgrade themselves on knowledge about ESG, CUSCS, offered the **ESG Series: Sustainable Banking and Finance** course in 2022.

With an overwhelming response received, CUSCS is organizing an **online ESG Series: Sustainable Banking and Finance course in English**. The new edition will commence in October 2023 and is composed of **10-hour pre-produced teaching videos** and **5-hour real-time online tutorials**.

Course Structure

- Module 1: ESG in banking and finance
- Module 2: Sustainability reporting and credit assessment
- Real-time Online Tutorial
- Module 3: ESG integration and value drivers of business model
- Module 4: Sustainable and responsible investments and CEPAR methodology
- Real-time Online Tutorial
- Module 5.1: Integrating sustainability into lending – a macro view
- Module 5.2: Risk-based approach to sustainable lending - a micro view
- Real-time Online Tutorial

Instructors

Dr. Angus Yip

Dr. Yip is a senior sustainability consultant and banker. A Chartered Banker (UK) and a Certified Banker (HK), Dr. Yip has over 30 years of work experience in banking, asset management, and consulting. He was awarded a master's degree in Sustainability Leadership from Cambridge University, a master's degree in Management from Harvard University, a professional graduate certificate in Corporate Sustainability and Innovation from Harvard University and received his doctoral degree from the University of Wales TSD.

Dr. Mike Hui

Dr. Hui holds a Master of Finance degree from The Chinese University of Hong Kong, and has a Chartered Financial Analyst (CFA) qualification. He received a doctoral degree from the University of Wales TSD. Dr. Hui provides professional customized analysis, management, and training services for banks and financial institutions. In recent years, he has also taught ESG courses in colleges and professional institutions and is committed to researching fields related to ESG investment.

Please stay tuned for other courses on ESG for other industries. CUSCS is open to offer tailor-made courses on ESG, and provide professional corporate training on a wide variety of topics to your organization/company to match your needs.
